### Mmm, mmm good

**Lynn Lasher** traded power suits for a kitchen apron last year when she bagged her 20-year career in financial services and began marketing her secret-recipe chocolate sauce. Now, Somebody's Mother's Chocolate Sauce is available nationwide via [www.somebodysmothers.com](http://www.somebodysmothers.com).

We dipped our spoon into a jar recently and tasted a yummy treat. Fans have been picking up the sauce at Rice Epicurean Markets and Events, as well as a few other locales, all named on her Web site.
