CHERI SWOBODA

Mother's helper

A good ice-cream sundae is always apropos. Somebody's Mother's Chocolate Sauce is rich and velvety, like liquid milk chocolate. Microwave for three seconds and serve over premium ice cream, bananas, berries or angel food cake. Or just eat it straight out of the jar. Preservative-free. Price: \$9 for a 9.5-ounce jar at www.somebodysmothers.com.
